## Writing and Reading Workshop by Prabha Narayanan

### Elementary Workshop Details

An intense 12-hour online writing workshop with over 3 hours of asynchronous work, for teachers on helping young children to become enthusiastic and confident writers.

4 online sessions on February 3<sup>rd</sup>, 5<sup>th</sup>, 10<sup>th</sup> and 12<sup>th</sup> 2026, Tuesdays and Thursdays

Time: 4pm to 7pm IST

One of the foundational skills for writing is reading. So, we will look at how to choose books for children including a variety of prose, poetry, fiction and non-fiction; how to read aloud for children and how to create an environment where children love to read.

For writing, we will look at the individual skills involved in the writing process such as spelling, punctuation, organisation and presentation, and practice a variety of ways to strengthen each component individually. We will consider creative as well as non-fiction writing formats that children need to have experience in, with a special emphasis on research strategies.

Participants will have opportunity to work individually and in groups in hands-on writing assignments creating their own poetry, personal narratives and research work.
